# POLISH/SPRAY BUFF

## GORILLA®-SPRAY BUFF/POLISH/BURNISH

The Original Blended Natural Fiber Pad that gives a “wet-look” shine. Gorilla® is made with a blend of natural fiber and polyester. This blend uses properties of both fibers to create the most unique and respected floor pad in the world. To clean it, just brush away dried wax with its die cut center. It will not glaze over.

## RED-LIGHT CLEAN/SPRAY BUFF

A light abrasive pad for spray buffing to a satin gloss. The fibers are more open to help keep the pad from glazing over.

## TAN-BUFF

A mildly abrasive dry buffing pad for slow speed floor machines. The Tan-Buff pad will buff away light soil and level scratches for a soft luster.

## WHITE-POLISH

A non-abrasive dry polishing pad for slow speed floor machines. The White-Polish pad will level scratches for a high luster.

## SOFT WHITE-POLISH

A non-abrasive dry polishing pad for slow speed floor machines. The White-Polish pad will level scratches for a high luster.

## RECTANGULAR FLOOR PADS

All of our pads are available in rectangular sizes for orbital machines.

# SCRUB/CLEAN

## GREEN -SCRUB

A medium abrasive pad for wet scrubbing. This pad will remove embedded soil and black marks found in heavy traffic areas without stripping your finish to the tile.

## BLUE-CLEANER

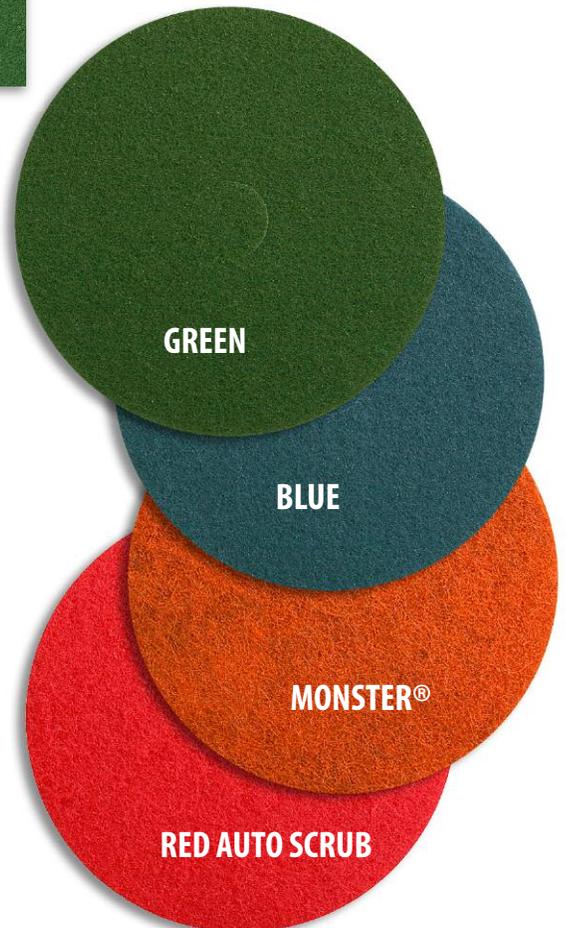

A medium abrasive pad for spray cleaning. To clean a lightly soiled floor, use this pad with a spray solution. This process will remove a small amount of finish. Can be used to wet scrub.

## MONSTER®-SPRAY CLEAN/LIGHT SCRUB

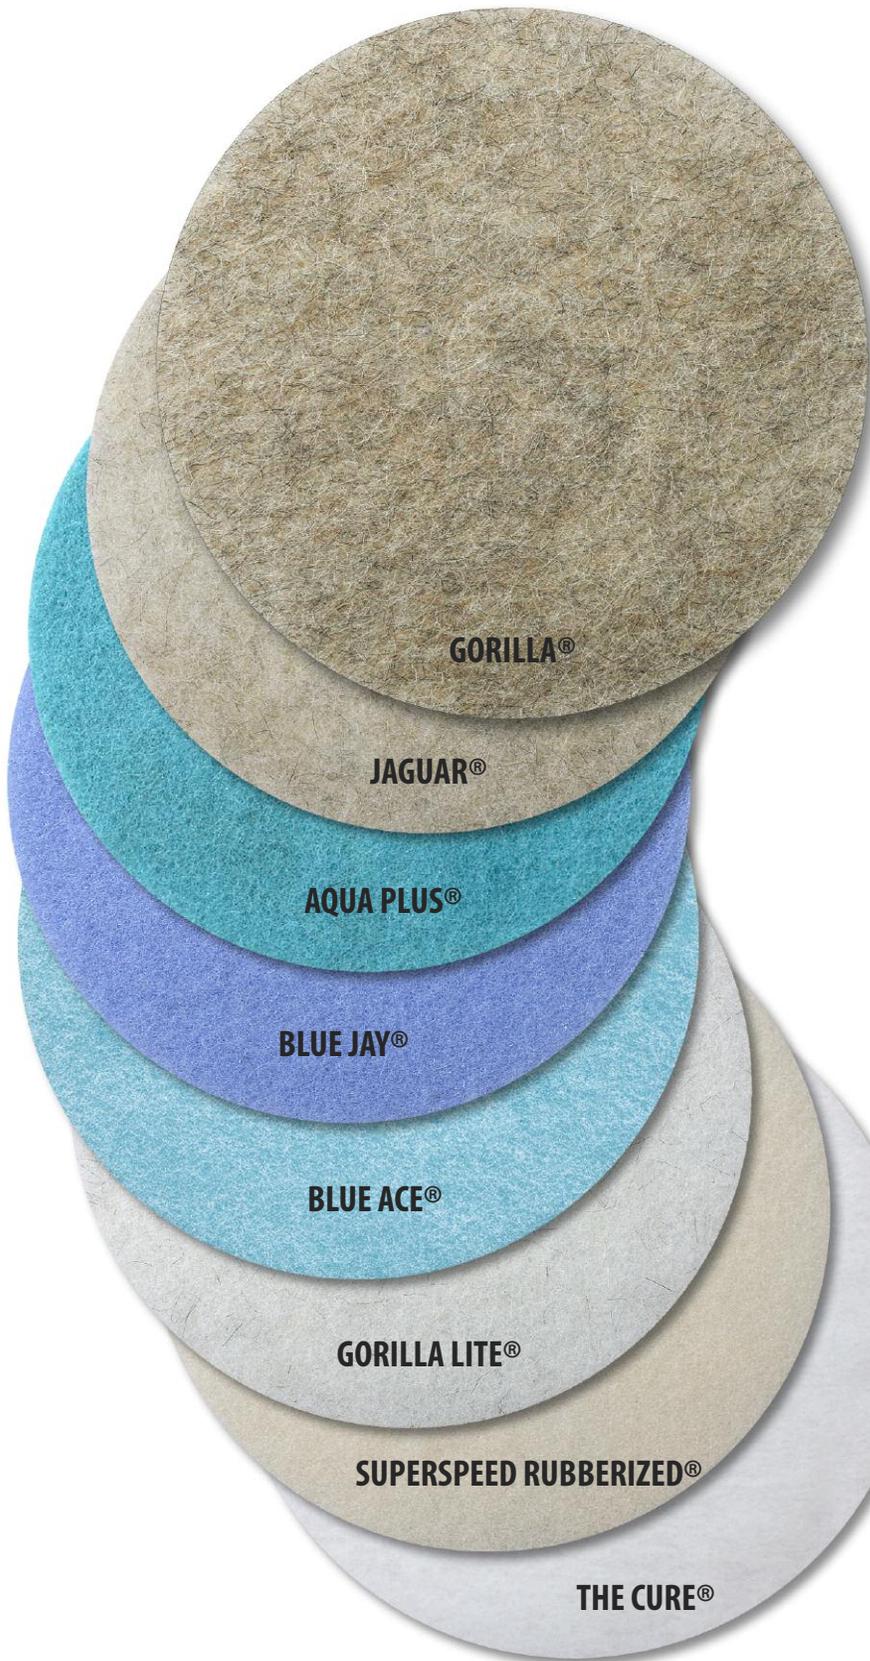

Monster® is designed with natural abrasive action to clean black marks and soil. The top layer of finish, with its embedded dirt, is removed and the remaining finish is brought to a high sheen. Monster®’s “clean and shine” characteristics reduce the need for stripping.

## RED- AUTO SCRUB/LIGHT CLEAN

A light abrasive pad for light cleaning. The fibers are more open to help keep the pad from glazing over. Can be used under automatic scrubber machines for nightly cleaning schedules.

# HIGH SPEED/ULTRA HIGH SPEED/BURNISHING

## **GORILLA®** Minimal Burnishing-Harder Finishes

The Original Blended Natural Fiber Pad that gives a “wet-look” shine. Gorilla® is made with a blend of natural fiber and polyester. This blend uses properties of both fibers to create the most unique and respected floor pad in the world. To clean it, just brush away dried wax with its die cut center. It will not glaze over.

## **JAGUAR®** Multiple Burnishing-Softer Finishes

A lighter blend of natural and synthetic fiber than Gorilla®. Designed for more frequent use than Gorilla®, with highly responsive finishes.

## **AQUA PLUS®** Multiple Burnishing-Medium Finishes

This pad is designed for a burnishing schedule that calls for use 3-4 nights per week. It produces a very bright “wet-look” shine with soft to medium finishes. Use Aqua Plus® under Electric, Battery or Propane machines with ultra high speeds of 1500 to 3000rpm. Aqua Plus® is made from durable high-tech resins & fibers, plus a light sprinkle of natural fiber.

## **Blue-Jay®** Maximum Burnishing-Medium Finishes

A special blend of synthetic and natural fibers in a pad designed for nightly burnishing. This pad will give you an exceptional gloss.

## **BlueACE®** Maximum Burnishing-Medium Finishes

A synthetic fibers pad designed for burnishing newly developed finishes. This pad will give you a very high gloss.

## **GORILLA Lite®** Maximum Burnishing-Soft Finishes

The lightest blend of natural fibers in a synthetic fiber pad for those who use a soft finish that requires nightly burnishing. This pad is designed to give you the same high gloss “wet-look” shine that big brother Gorilla® is known for.

## **Superspeed Rubberized®** Maximum Burnishing-Soft Finishes

A totally synthetic, non-aggressive pad designed for burnishing and polishing with a high speed or ultra high speed floor machine. The rubberized coating creates friction needed to repair softer finishes while removing black marks. This pad will create a high gloss shine.

## **The CURE®** THE CURE® SOLVES PROBLEMS.

Use to help cure freshly laid finish as soon as it dries. Perfect for overnight recoats before holiday traffic.

- It's Super-Soft to keep from pulling the finish up.
- It's Strong to stand up under: Propane, Cord Electric or Battery floor machines.
- It's Flexible to keep from burning uneven floors.

All ETC floor pads are available in square, rectangle, X, vortex & other unusual shapes.

# ULTRA HIGH SPEED FLOOR PADS/SANDSCREEN DISCS

**2001**<sup>®</sup> patented

## Ultra High Speed Burnishing & Spray Buffing

This is an ultra-high-speed (2000rpm and up) burnishing & spray buffing floor pad of special design. So special that it's patented. It is constructed of two 1/2" floor pads bonded to a stabilizing inner strata. The inner strata stops the elongation and resulting destruction of the pad due to centrifugal force.

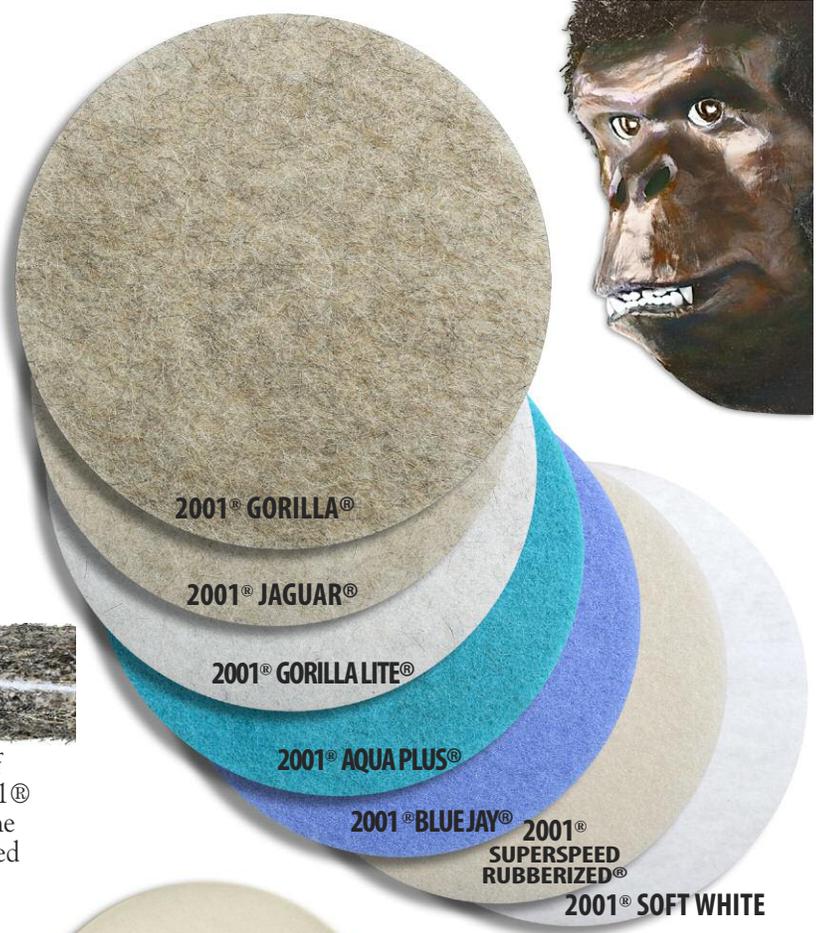

The 2001<sup>®</sup> line of pads include:  
 2001<sup>®</sup> GORILLA<sup>®</sup>, 2001<sup>®</sup> JAGUAR<sup>®</sup>,  
 2001<sup>®</sup> AQUA PLUS<sup>®</sup>, 2001<sup>®</sup> Blue Jay<sup>®</sup>,  
 2001<sup>®</sup> GORILLA LITE<sup>®</sup>, 2001<sup>®</sup> SOFT WHITE  
 2001<sup>®</sup> SUPERSPEED RUBBERIZED<sup>®</sup>

2001<sup>®</sup> pads will of course give you the "wet look" shine, ease of cleaning and all of the other excellent qualities of these floor pads.

A cross section of our patented 2001<sup>®</sup> design showing the two pads laminated

*2001<sup>®</sup> pads outlast normal pads on ultra high speed floor machines more than 3 to 1.*

## PAD DRIVER 2001<sup>®</sup>

Our Pad Driver 2001<sup>®</sup> is designed to hold and drive a Superscreen Disc under your floor machine. It will also create a cushion to help the screen to flex and dip into uneven floors better.

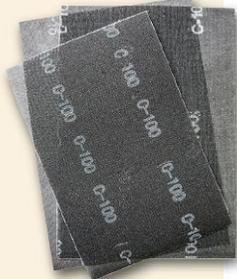

- SuperScreen
- Driver Material
- Pad Material

## SUPERSCREEN DISCS

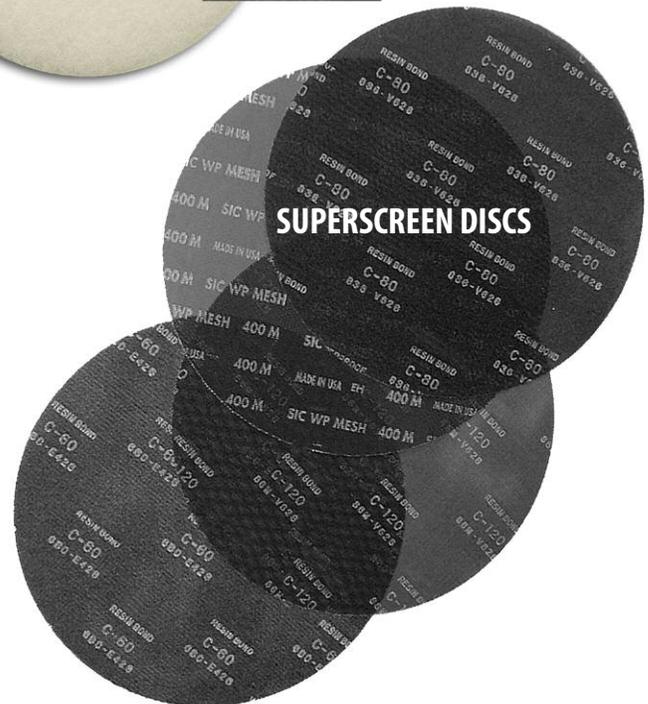

Superscreen discs are used primarily on hardwood floors. The discs sand down the old finish so that new finish can be applied. This is known as the "scour method" of refinishing a floor and is most often used on gym floors. Superscreen discs come in grits ranging from very coarse to super fine.

All our discs are manufactured with waterproof resins & silicon carbide abrasive, assuring you of the finest quality discs you can buy.

- 60 grit - Very Coarse
- 80 grit - Coarse
- 100 grit - Medium
- 120 grit - Fine
- 150 grit - Medium Fine
- 180 grit - Very Fine
- 220 grit - Extremely Fine
- 400 grit - Super Fine

All grits available in rectangular sizes for orbital machines

# STRIPPING FLOOR PADS/STRIPPING SHOES

## BLACK-STRIP

A very aggressive stripping pad. It is designed to be used to wet strip a floor. High quality abrasive and materials make this an efficient tool for complete floor finish removal.

## BROWN-STRIP

An aggressive pad designed for dry stripping floor finish. Its fibers, throughout the pad, are coated with high quality abrasives for a fast, efficient job.

## BOSS HAWG®

Wet Strip/Dry Strip

Boss Hawg® is the super stripping pad for completing your natural fiber system of floor maintenance. This pad has the abrasive character to dry strip a floor, or work equally well when you wet strip. Boss Hawg® was designed to work quickly and thoroughly, whichever system (wet or dry) you use.

## HIGH PERFORMANCE 1/2" STRIPPING PADS

### RAZORBACK®-1/2" STRIP

The Razorback® pad is a high performance stripping pad that works very aggressively in problem areas that need to be stripped of all finish.

### DIAMONDBACK®-1/2" STRIP

The Diamondback® pad is our Extreme Stripping Pad designed with an open weave construction that enables it to hold more load without clogging in heavy build up situations.

### RECTANGULAR FLOOR PADS

All of our pads are available in rectangular sizes for orbital machines.

## STRIPPING SHOES

Waterproof overshoes designed to reduce the risk of slipping when stripping floors (use as kick pads to strip tough spots), cleaning meat rooms, freezer lockers, athletic showers or anytime floors are wet and slippery. Gatorshoes® have a gripper sole to firmly hold a pair of replaceable strip pad soles. Once they wear out, you simply attach a new pair.

### Sizes:

- X-Small (5-6-1/2)
- Small (6-1/2)
- Medium (8-9-1/2)
- Large (9-1/2-11)
- X-Large (11-13)
- Giant (13-15)

Gatorbacks® are black strip pad material cut into the shape of shoe soles. They attach to the bottom of a ETC Gatorshoe® and are replaceable after they become worn beyond use.

# CONCRETE MAINTENANCE PADS

Diamond by Gorilla® is a system of floor pads that cleans and polishes concrete, terrazzo & natural stone floors mechanically without the use of chemicals. ETC's Diamond by Gorilla® system consists of floor

pads impregnated with billions of microscopic diamonds that will transform any dull, worn floor into a clean shining floor. The diamonds come in different sizes creating different levels of aggressiveness ideal for cleaning and polishing. This system can be used on surfaces such as concrete, terrazzo, marble, ceramic and other natural stones as well as VCT when using the 1500 and up polishing pads.

## Diamond by Gorilla®

### 200 Blue

- Most aggressive
- For damaged floors or use after grinding
- HD removal of scratches & discoloration

## Diamond by Gorilla®

### 400 Red

- Very aggressive
- For damaged floors or use after grinding
- HD removal of scratches & discoloration
- Leaves satin or matt finish

## Diamond by Gorilla®

### 800 White

- Intermediate step or 1st step in floors not maintained
- Cleans surface
- Removes small scratches
- Leaves a slightly reflective finish

## Diamond by Gorilla®

### 1500 Yellow

- For maintained floors
- Cleans & prepares floor for high polish
- Removes fine scratches
- Conditions stone & concrete floors for final polishing
- Can be regular maintenance pad

## Diamond by Gorilla®

### 3000 Green

- Normal daily maintenance pad
- Produces & maintains a "wet look" shine
- Can be used on: Concrete, Stone, Terrazzo, Tile & VCT

## Diamond by Gorilla®

### 8000 Orange

- Produces & maintains a "wet look" shine
- Can be used on: Concrete, Stone, Terrazzo, Tile & VCT

## Diamond by Gorilla®

### 11,000 Purple

- Produces & maintains a "wet look" shine
- Can be used on: Concrete, Stone, Terrazzo, Tile & VCT

# CONCRETE MAINTENANCE PADS

## HEAT BY GORILLA®-CONCRETE BURNISH

- 90+ Heat Bonds Silicate Coatings
- Uses Unique Heat Shield
- Two Sided - Twice the Life
- Blend of Natural & Synthetic Fibers
- No Color Transfer From Added Dyes
- Burnish All Types of Concrete  
Densifiers, Hardeners & Sealers
- Very High Gloss-meter Readings Due to the Heat

## PROPANE BURNISHING/AUTOSCRUBBING

A multiple speed floor pad specially designed for concrete.

It's constructed as a 1" premium concrete floor pad with abrasives and aggressive bond containing no dyes to transfer to your floor. Armadillo® pads will give you the "polished look" of a burnishing pad while cleaning and removing surface dirt and scratches over time using an autoscrubber.

# FLOOR RECONDITIONING PAD

ETC's Redwood® floor pad is designed to recondition the surface of a wood floor (gymnasiums, parquet areas, etc.).

With its fine abrasive action, it will smooth the surface of raised wood fibers that are created when using waterbased sealers and finishes.

It will deburr, smooth and clean wood floor surfaces between coats to give you adhesion and the resulting level surface needed for that next coat.

Redwood® is a 3/8" pad and should be used with our 1" ETC Red pad to drive it.

# CLEANING PRODUCTS

## SPONGES

### #74ETC SCOUR SPONGE 3-1/2" x 6-1/4" x 7/8"

A medium-duty scouring pad laminated to an absorbent cellulose sponge.

Each sponge is dampened and sealed individually in clear plastic.

### #63ETC CLEANING SPONGE 3-1/2" x 6-1/4" x 7/8"

A light-duty cleansing pad laminated to an absorbent cellulose sponge.

Each sponge is dampened and sealed individually in clear plastic.

## POT & PAN PAD

### #88ETC POT & PAN PAD 3-1/2" x 5" x 1"

A thick blue hand-size pad with scouring action for pots, pans and kitchen utensils.

A tough pad that will never rust or splinter.

## GRIDDLE PAD

### #46ETC GRIDDLE PAD 4" x 5-1/2" x 3/8"

The pad is a non-woven synthetic fiber coated with abrasives designed to be used for griddle cleaning and polishing.

## HAND PAD

### #47ETC THE REDWOOD® 6" x 9" x 3/8"

The pad is a non-woven synthetic fiber coated with fine abrasives designed to abrade and deburr surfaces prior to applying coatings.

An excellent sanding tool prior to applying paint or varnish.

# HAND PADS/PADS WITH HOLDERS

HAND PADS

## HAND PADS

**#96ETC GREEN** 6" x 9" x 1/4"

The general purpose medium-duty hand pad. It has abrasive strength for cleaning floors and kitchen equipment.

**#97ETC BLACK** 6" x 9" x 1/4"

A heavy-duty pad for tough cleaning jobs that call for extra abrasive action.

**#98ETC WHITE** 6" x 9" x 1/4"

This pad has no added abrasive and is excellent for use with a little liquid detergent to safely clean delicate surfaces.

## EXTRA HEAVY DUTY

**#86ETC DARK GREEN** 6" x 9" x 3/8"

This pad is for heavy-duty cleaning jobs. The fibers are arranged in a thick open weave to hold residue. Strong resins, saturated with abrasives, coat every fiber for long lasting power.

SCRUB AID®

## SCRUB AID®

**#64ETC SCRUB AID® KIT** 1 Holder, 1 Brown & 1 White pad (Holder uses \*48" Hardwood Handle/Threaded Tip-page 15)

Scrub Aid® is a pad holder designed to save you from having to stoop over to clean baseboards or floors, and you won't have to climb a ladder to reach walls, windows or ceilings.

The heavy-duty swivel is threaded to fit any standard threaded handle.

#64H Holders only

## REPLACEMENT PADS

**#0ETC BLACK**  
Extra heavy-duty stripping.

**#3ETC WHITE**  
For delicate surfaces.

**#1ETC BROWN**  
Heavy-duty cleaning.

**#4ETC RAZORPAD** 4-3/8" x 10" x 3/8"  
The heavy build-up stripping pad.

**#2ETC BLUE**  
For medium-duty cleaning.

**#5ETC DIAMONDPAD** 4-3/8" x 10" x 3/8"  
The extreme abrasive stripping pad.

## BIGGY® SCRUBBERS

**#91ETC BLACK**

A heavy-duty pad with a handle to keep your hands out of the mess of cleaning. Use it to clean concrete, white wall tires, barbecue grills, brick, etc.

**#92ETC RED**

A medium abrasive cleaning pad & handle. It may be used for cleaning surfaces such as asbestos tile, vinyl tile, etc.

**#93ETC WHITE**

A light non-abrasive pad with a handle for cleaning ceramic tiles, counter tops, etc.

## BIGGY® REFILLS

**#911ETC BLACK**

For heavy-duty jobs.

**#922ETC RED**

For medium-duty jobs.

**#933ETC WHITE**

For light-duty jobs.

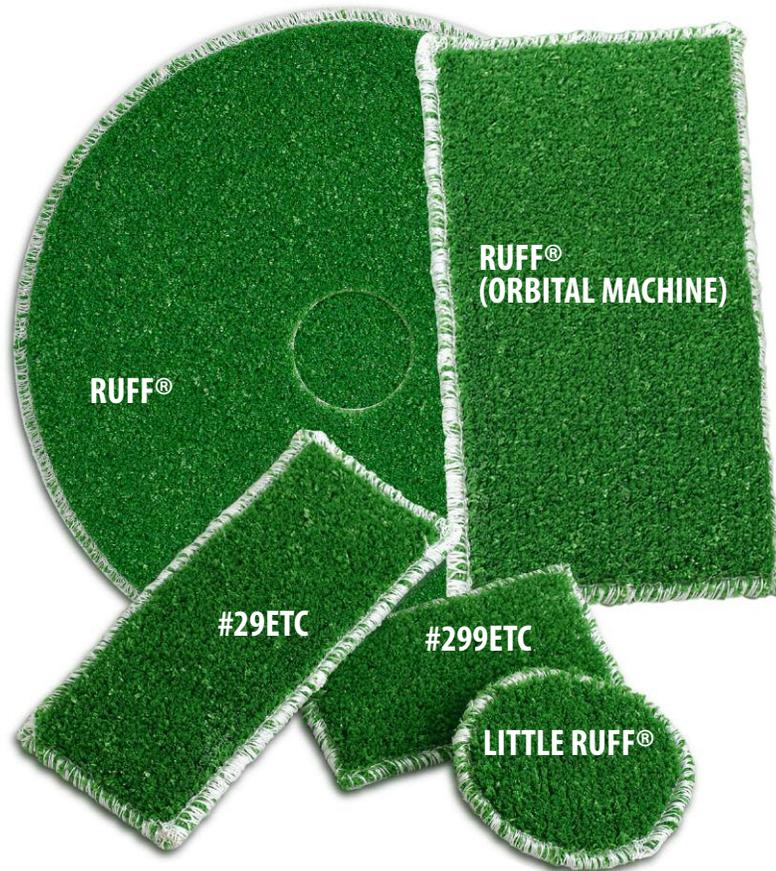

# FLOOR MACHINE BRUSH/PAD/CARPET CARE

## BRUSH PAD

*For Scrubbing "Ruff" Surfaces!*

- Thousands of brushes laminated to a floor pad.
- Aggressive but not abrasive.
- Serged to secure the edges.
- The porous materials allow liquids to pass through to the surface for use with autoscrubbers.
- Ruff® is light weight, flexible, easily switched between regular floor pads and is much less expensive than a wooden brush block.
- Circular and rectangular pads in all standard sizes.

## RUFF® HAND PADS

### #29ETC REPLACEMENT PADS

For use with #64etc Scrub Aid® (page 9)

### #299ETC BIGGY® REFILLS

For use with Biggy® Scrubber holder (page 9)

### LITTLE RUFF®

For use with circular driver & battery powered drill

## CARPET CARE

Tiger® is a great carpet bonnet featuring looped end synthetic yarn with non-abrasive pile lifting/cleaning stripes. The yarn is long staple synthetic for long wear and minimal linting. Tiger® is double sided, washable and available without stripes.

Tiger Paw® is a smaller version of our carpet bonnet with a hole for your hand to slip inside and is made to clean spots on carpet or upholstery.

Sized: Maid= 8" diameter, Janitor= 10" diameter.

Also available without stripes

## STANDARD 1.25" DUCK HEADBAND

BLENDED  
YARN

GOOD  
COTTON

BEST RAYON

BEST COTTON

# BASIC WET MOPS & OPTIONS

## KINGFISH®

### BEST RAYON YARN

Made from tightly twisted long staple rayon. The tight twist helps control linting and combined with rayon's quick pick up and release make it an excellent choice for laying finish.

## BARRACUDA®

### BLENDED YARN

A blend of cotton and rayon for superior absorbency with no break-in period. The long staple fibers used in this blend mean less linting while the blend itself gives longer life to the mop.

## PORPOISE®

### BEST COTTON YARN

Our best general purpose mop. Made from long staple, tightly twisted cotton fibers for less linting and longer life. A good pick for tough jobs.

## SEAHORSE®

### GOOD COTTON YARN

A good quality cotton yarn that delivers good performance at a good price. Designed for those many applications where price is a concern.

## BASIC MOP OPTIONS

Each of our basic yarns are available with these add-on options that customize them for your specific purpose, functionality and longevity.

### NARROW 1.25" MESH HEADBAND

Available in Orange, Green, Blue, Red and White

The mesh headband offers color coding possibilities for restricting a mop to be used in particular chemicals and areas. Mesh headbands also allow mops to dry faster and more thoroughly.

### WIDE 5" MESH HEADBAND

Available in Orange, Green, Blue, Red and White

The 5" wide headband offers the same color coding possibilities as the narrow mesh headband does but will add longer life from the added protection at the headband area of the mop. This area is usually where the most wear occurs due to scrubbing. The wider headband and synthetic mesh will add life to your mops.

### WIDE 5" DUCK HEADBAND

The wider headband and sturdy cotton duck material will add life to your mops by protecting the yarn from the wear and tear of scrubbing difficult spots on the floor.

### FANTAIL LOOPED ENDS

A fantailed mop will control the loose ends of a mop to lay flat and cover more area as it is swung from side to side. The looped end version is the best quality design that will keep the yarn from unraveling and linting.

### FANTAIL CUT ENDS

A fantailed mop will control the loose ends of a mop to lay flat and cover more area as it is swung from side to side. The cut end version takes the economy of a cut end basic mop to a higher quality mop for just a little more.

# WET MOPS

## TORPEDO® MOPS

### BLENDED YARN

- No Break-in Period
- Quickly Absorbs Liquids
- Less Expensive Than Pre-laundered
- It's Launderable with Minimal Shrinkage
- 5 Colors Allow for Specific Usage

Standard Torpedo® . . . . .Cut ends with a 1-1/4" duck headband  
 Super Deluxe Torpedo® . . . . .Fantail loop with a 5" mesh headband.  
*Tailband and headband colors match the color of the mop.*

## METAL CASE HAMMERHEAD®

Our tough metal construction clamps the mop strands together so there is no yarn slippage. The threaded metal screw that protrudes from the head allows "hands-off" mounting and removal of the mop. Simply screw the mop on or off the handle without ever touching the soiled mop. Available in: Best Rayon, Blended Rayon, Best Cotton, Good Cotton, Heather, Great White®, Torpedo® & Hospital Blend yarns.

## HOSPITAL BLEND

- WHITE . . . . .SILKY SHARK®
- BLUE . . . . .BLUE MARLIN®
- ORANGE . . . . .AMBERJACK®
- GREEN . . . . .DOLPHIN®
- RED . . . . .REDFIN®

The Hospital Blend wet mop is a looped end, tailbanded mop with a 5" synthetic mesh headband. It is available in White and Permanently Dyed Colors. The 4 ply scientific blend of natural & synthetic yarn we call "Hospital Blend" is designed to give high absorbency and long life to a launderable mop. This mop is constructed to meet strict hospital standards but is cost effective for any organization. Also available in 1-1/4" headband

## HEATHER MOPS

### BLENDED COTTON YARN

Our Heather Mop is available in blue & green yarn. These mops are an economical choice for situations where you need a colored yarn. They are not launderable.

**etc.** U.S. Patent #6,023,809  
**Great White®**  
**Lint Free Finish Mop**

**REDUCED WORKER FATIGUE**

It glides rather than drags! There is over 25% less drag. You think the mop is floating. After laying finish with this mop, you will never go back to using a regular finish mop.

**THE COATS ARE MORE EVEN**

Immediately, you notice that the coats of finish are more even. The yarn's ability to hold the finish with surface tension allows Great White® to release the finish more evenly and more completely as it is pulled across the floor.

**WASTE LESS FINISH**

Because the finish is laid more evenly and the fact that the yarn does not absorb the finish, (but simply holds it until it can be applied to the floor), you can save up to 15% of your finish costs.

**LINT FREE**

Due to the structure of the high tech filament yarn used in making this mop, it is not capable of linting. With this absence of lint in your finish, you will notice it is smoother, and will stand up to traffic longer, since there are fewer contaminants and less surface blemishes.

**GREAT WHITE® OPTIONS:**

Hammerhead®

5" Headband

Flat Finish

## FINISH MOP

### TIGER SHARK®

Tiger Shark® has been designed specifically for applying floor finish. Its looped end, tailbanded construction ensures complete coverage with no gaps or missed spots. The yarn is blended to give an even release of the finish quickly, but helping to control "puddling" and "fish-eyes".

The tailband is sewn on the inside so that it will not act as a squeegee and this eliminates ripples.

*A blue mesh 1-1/4" headband is standard.*

## FLAT FINISH MOP

### FLOUNDER™

A synthetic yarn finish mop with a nylon mesh backing & snap closures.

Sizes are 18"x5", 24"x5" & 36"x5".

These mops use standard dust mop hardware.

# DUST MOPS/DUST MOP TREATMENT

## LAUNDERABLE DUST MOPS

### **SUPERDUST®** **LOOPED** **DUST MOP**

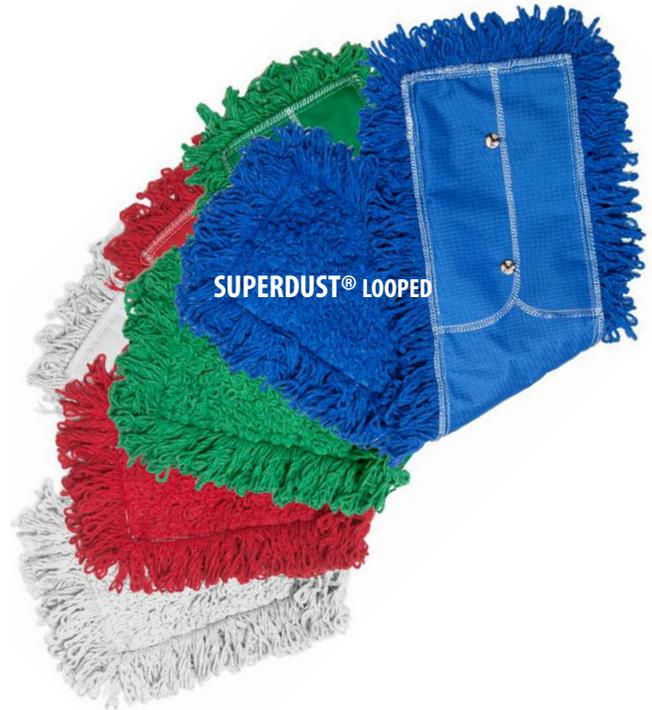

#### **LOOPED END WHITE & COLOR YARNS**

These launderable dust mops are constructed with a durable blended yarn that is sewn onto a sturdy polyester canvas backing that guarantees a long life, low absorption and no shrinkage.

The high quality yarn made from first quality synthetic & natural fibers, offer magnetic properties that attract & hold dust particles without the use of dust mop treatment.

This very special blended yarn allows our Superdust® mop to withstand heavy use and repeated laundering.

Available in Blue, Green, Red and White to aid in keeping your mops designated to specific areas or separated by daily rotation.

## DISPOSABLE DUST MOP

### **KNOCKOUT®** WHITE & COLOR YARNS

Our disposable dust mop system combines a specially constructed disposable dust mop with a foaming aerosol treatment. The KNOCKOUT™ disposable dust mop comes pretreated and poly bagged. It is constructed of cotton yarn sewn to a tytar backing, and uses cotton tape ties to make a simple but efficient system for dust mopping.

## DUST MOP TREATMENT

### **DUSTREAT® LIQUID DUST MOP TREATMENT**

ETC's dust mop treatment has a paraffin base with an emulsifier to eliminate slick spots and a wintergreen fragrance to keep the mop smelling fresh. Liquid available in 55 gal., 5 gal. and 1 gal. containers.

## DUST MOPS

### **WHITE & COLOR YARNS**

A great value in an economical dust mop constructed of 80% cotton and 20% synthetics. The STARDUST® comes untreated in three colors, red, white, and blue.

The colors available in this dust mopping system make it possible to keep your mops separate when rotating or in quarantined areas.

# HANDLES-WET & DUST MOP, BRUSH & BROOM

## FLIPPER®

A high impact plastic mop handle that opens easily with a hinged release, allowing slip through loading and unloading of wet mops. Available with a Wood handle at one length or a Plastic handle at Janitor and Maid lengths

FLIPPER®

## JAWS II®

A high impact plastic mop handle that clamps down on wide head bands with a twist of the locking collar. To release the mop you loosen the locking collar, allowing the mop to fall.

Available with a Wood handle at one length or a Plastic handle at Janitor and Maid lengths

JAWS II®

## CLAMPIT®

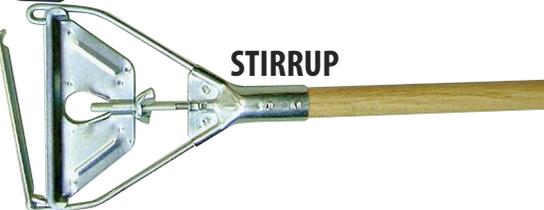

Quick change design for use with wide headband. Available with a Wood handle at one length or a Plastic handle at Janitor and Maid lengths

CLAMPIT®

## STIRRUP

Quick change design for use with narrow headband. Available at Janitor and Maid lengths

STIRRUP

## SCREW-IN

For use with Metal Case Hammerhead® mops. Twist on, twist off. Available at Janitor and Maid lengths

SCREW-IN

## PLASTIC HANDLE/PLASTIC TIP

For use with: PUSH BROOMS, UPRIGHT BROOMS Available at Janitor and Maid lengths

PLASTIC HANDLE/PLASTIC TIP

## HARDWOOD HANDLE/PLASTIC TIP

For use with: PUSH BROOMS, UPRIGHT BROOMS Available at Janitor and Maid lengths

HARDWOOD HANDLE/PLASTIC TIP

## HARDWOOD HANDLE/THREADED TIP

For use with: PUSH BROOMS, UPRIGHT BROOMS, SCRUB AID (page 9) Available at 60", 54" and 48" lengths

HARDWOOD HANDLE/THREADED TIP

## HARDWOOD TAPERED HANDLE

For use with: DECK SCRUB, VEHICLE WASH BRUSH, WINDOW BRUSH Available at Janitor and Maid lengths

HARDWOOD HANDLE/TAPERED TIP

## HARDWOOD HANDLE/METAL TIP

For use with: PUSH BROOMS Available at Janitor and Maid lengths

HARDWOOD HANDLE/METAL TIP

## DUST MOP HANDLES

### HARDWOOD HANDLE/METAL CLAMP

Spring clamp on a swivel head with nylon lock for the swivel.

HARDWOOD HANDLE/METAL CLAMP

## WIRE FRAMES

Sizes are: 5"x12", 5"x18", 5"x24", 5"x30", 5"x36", 5"x42", 5"x48", 5"x60", 5"x72"
